SKILLS

Programming Language: Java, C, Python.

Web Technologies :HTML ,CSS, JavaScript, React.js, Node.js, Express.js.

Database: SQL, MongoDB.

IDEs (Integrated Development Environment) : Visual Studio Code & Eclipse & IntelliJ.

PROJECTS

Car Rental Website | HTML, CSS, JavaScript | [Git](#)

- Renting Vehicles can be complicated with issues like limited options, slow bookings, and inconvenient payment methods.
- The Car Rental Platform makes renting easy with real-time availability, quick bookings, flexible choices, and simple payment options.

Library Management System | Java, MySQL | [Git](#)

- Managing library resources can be inefficient due to manual book tracking, lack of real-time availability updates, and cumbersome membership management.
- The Library Management System enhances efficiency with automated book tracking, seamless borrowing/ return functionality, and secure user authentication, ensuring smooth operations.

PROFESSIONAL EXPREIENCE

BYTS – Intern | Coimbatore

July 2023 – Aug 2023

Completed a certified internship in Python programming, gained hands-on experience with concepts such as functions, file handling. Strengthened problem-solving skills through practical coding exercises.
